

LIST OF TABLES

Table No	Title	Page No.
I	Types and the sources of waste	16
II	State wise solid waste generation	26
III	Total waste generation among the wards in India	28
IV	Solid waste generation in major cities of TamilNadu	29
V	Landmarks on solid waste management	43
VI	Total number of wards and household in Rameswaram	68
VII	Ward wise distribution of selected women	69
VIII	Plan of work to Disseminating the knowledge on solid waste management	75
IX	Socio Economic Characteristics of women	90
X	Types of solid waste generated at household level	96
XI	Existing practice on waste disposal method	97
XII	Awareness on Solid waste management	98
XIII	Type of container used for storage of waste	100
XIV	Disposal of solid waste	101
XV	Information on garbage collection	102
XVI	Mode of operation on garbage collection service	104
XVII	Level of satisfaction on present solid waste management	106
XVIII	Prevailing Environmental conditions of the study Area	107
XIX	Problems faced by people due to accumulation of household waste	109
XX	Association between age and level of problem faced by people due to accumulation of solid waste	111

Table No	Title	Page No.
XXI	Association between community and level of problem faced by people due to accumulation of solid waste	111
XXII	Association between education and level of problem faced by people due to accumulation of solid waste	112
XXIII	Association between religion and level of problem faced by people due to accumulation of solid waste	112
XXIV	Association between occupation and level of problem faced by people due to accumulation of solid waste	113
XXV	Association between income and level of problem faced by people due to accumulation of solid waste	113
XXVI	Association between size of family and level of problem faced by people due to accumulation of solid waste	115
XXVII	Health hazards due to Improper waste management	116
XXVIII	Opinion about safe disposal of waste	117
XXIX	Factors responsible for Environmental degradation in Rameswaram	118
XXX	Causes for Enormous solid waste generation	119
XXXI	Hiring charges for collection of garbage.	120
XXXII	Impact of educational programme among knowledge on solid waste management	123
XXXIII	Difference between knowledge level before and after intervention based on socio economic characteristics of women	126
XXXIV	Impact of educational programme among attitude on solid waste management	129
XXXV	Difference between attitude level before and after intervention based on socio economic characteristics of women	131
XXXVI	Impact of educational programme among practices on solid waste management	134

Table No	Title	Page No.
XXXVII	Difference between practices level before and after intervention based on socio economic characteristics of women	135
XXXVIII	Comparison of knowledge before and after the educational intervention	136
XXXIX	Comparison of attitude before and after the educational intervention	138
XL	Comparison of practices before and after the educational intervention	139

LIST OF FIGURES

Figure No	Title	Page No
1	Classification of waste	14
2	An Ideal solid waste management	17
3	Composition of municipal solid waste	18
4	Composition of solid waste	19
5	Types of waste management techniques	23
6	Schematic representation of the methodology	65
7	Map showing the locale of the study area	67
8	Socio Economic characteristics of the women	91
9	Awareness on solid waste management	99
10	Prevailing environmental conditions of the study area	107
11	Association between Income and the problems faced by the people due to solid waste	114
12	Factors responsible for environmental degradation in Rameswaram	118
13	Difference between knowledge level before and after educational intervention on socio economic characteristics of women	127
14	Difference between attitude level before and after educational intervention on socio economic characteristics of women	132
15	Comparison of knowledge score before and after the educational intervention programme	137
16	Comparison of attitude score before and after the educational intervention programme	138
17	Comparison of practice score before and after the educational intervention programme	139

LIST OF PLATES

Plate No	Title	Page No
1	Collection of data	74
2	Imparting educational intervention on solid waste management	78
3	Training on solid waste management	79
4	Field visits to composting yard	80
5	Assessments on KAP on solid waste management	85
6	Mass cleaning	86
7	Feedback of women on educational intervention programme	87

LIST OF APPENDICES

Appendix No	Title
I	Interview schedule to elicit information from the selected women
II	List of resource person
III	IEC materials
IV	Ethical Clearance

LIST OF ABBREVIATIONS

AD	- Anaerobic digestion
CPCB	- Central pollution control board
DTD	- Door to door
HH	- Household
HWRA	- Household waste recycling act
MoEF&CC	- The ministry of environment, forest and climate change
MSWM	- Municipal solid waste management
NGO	- Non-governmental organization
PPCB	- Punjab pollution control board
RCRA	- Resource conservation and recovery act
SBA	- Swatch bharatabiyan
SBM	- Swachhbharat mission
SLF	- Sanitary landfill
SLRM	- Solid and liquid resource management
SWM	- Solid waste management
SWM	- Sustainable Waste management
TPD	- Tones per day
ULBs	- urban local bodies
UNEP	- United nation environment protection
WDD	- Waste disposal and dumping
WLT	- Waste and landfill technology
WR	- Waste recycling
