CHAPTER NO.	CONTENT	PAGE NO.
I	Introduction	1-25
II	Review of Literature	26-55
	1. Developmental perspective of autism	27
	2. Challenges faced by parents of children with autism	29
	3. Pre-requisite skills for autistic children	31
	4. Importance of parents' knowledge, attitude and practices on pre-requisite skills	33
	5. Parents' involvement and role in teaching pre-requisite skills to children with autism spectrum disorder (ASD)	37
	6. Mental health and self-efficacy of parents of children with autism	40
	7. Influence of socio-demographic conditions on parents of children with autism	49
	8. Importance of sensitization/ intervention programmes for parents of children with autism	52
	9. Conceptual framework of the study	55
III	Methodology	56-100
	Phase I,	58-76
	A. Review of Literature Survey	
	B. Population and Sampling	
	C. Tool development	
	D. Obtain institutional ethical clearance	
	Phase II,	77-78
	A. Data collection	

CHAPTER NO.	CONTENT	PAGE NO.
	Phase III,	79-97
	A. Development of an educational module (Sensitization Programme)	
	B. Conduct Sensitization Programme	
	Phase IV,	98-100
	A. Post sensitization data collection	
	B. Pre and post data analysis	
IV	Results and Discussion	101-182
	1) Socio-demographic profile of the parents	102
	2) Levels of parents' Knowledge, Attitude, and Practices (KAP) on pre-requisite Skills	105
	3) Levels of parents' Mental Health (MH) and Self-efficacy (SE)	108
	4) Predictive capacity of socio-demographic markers on parents knowledge, attitude, and practices on pre-requisite skills, mental health, and self-efficacy	123
	5) Influence of knowledge, attitude, and practices on pre-requisite skills on mental health and self-efficacy of parents of children with autism	151
	6) Effectiveness of the sensitization programme on parents' knowledge, attitude, practices on pre-requisite skills, mental health, and self-efficacy.	163
