MANAGEMENTS of these 24 private colleges have urged the fee fixation committee to hike the fee considering maximum fee fixed by the Sri Krishna Committee constituted by the AICTE and fee fixed in the neighbouring states.

College managements also argued that to prepare students to meet the industry requirements and to get good employment, institutions have to provide various types of value added courses related to branch of study like skill development programs, communication development programs and placement and training program.

The Sri Krishna Committee has fixed maximum fee for BE/BTech as ₹1,58,300 in type X cit-

ies which included Chennai and Coimbatore, ₹1,50,500 in type Y cities which included Erode, Madurai, Salem, Trichy, Tirunelveli and Tiruppur and ₹1,44,900 in type Z cities, based on the central pay commission classification of cities.

Meanwhile, the committee to enquire and inspect educational institutions on excess fee has warned self financing colleges not to collect fee beyond the fee prescribed by the fee fixation committee.

Any student or parent aggrieved by overcharging of fee by the institution is at liberty to approach the complaints committee said its chairman M Arunlarasu in a letter to colleges.

The committee can be contacted at 044-22351019 or tncapitaltion@gmail.com.
