

## List of Tables

---

Table 1.	Intelligence Quotient Classification (Adapted from International Statistical Classification of Diseases and Related Health Problems )	70
Table 2.	Gross Motor Functional Classification System (Adapted from CanChild)	70
Table 3.	Classification of the sample	87
Table 4.	Descriptive statistics on the perception of parents on the Disruptive Behaviour in the adolescents from pre-post and follow-up phases of the intervention	88
Table 5.	Tests of within sample in pre- post and follow-up phases of the intervention on the perception of parents on Disruptive Behaviour in the adolescents	88
Table 6.	Post-hoc comparison on the perception of parents on Disruptive Behaviour of the adolescents in the pre-post-follow-up phases of intervention	89
Table 7.	Descriptive statistics on the perception of parents on Self-Absorbed Behaviour in the adolescents from pre-post and follow-up phases of the intervention	91
Table 8.	Tests of within sample in pre- post and follow-up phases of the intervention on the perception of parents on Self-Absorbed Behaviour in the adolescents	92
Table 9.	Post-hoc comparison on perception of parents on Self-Absorbed Behaviour in the adolescents from pre-post-follow-up phases of intervention	92
Table 10.	Descriptive statistics on the perception of parents on Communication Disturbance in the adolescents from pre-post and follow-up phases of the intervention	95
Table 11.	Tests of within sample in pre- post and follow-up phases of the intervention on the perception of parents on Communication Disturbance in the adolescents	95
Table 12.	Post-hoc comparison on the perception of parents on Communication disturbance in the adolescents from pre-post-follow-up phases of intervention	96

Table 13.	Descriptive statistics on the perception of parents on Social Relations in the adolescents from pre-post and follow-up phases of the intervention	98
Table 14.	Tests of within sample in pre- post and follow-up phases of the intervention on the perception of parents on the Social Relations in the adolescents	98
Table 15.	Post hoc comparison on perception of parents on Social Relations in the adolescents in the pre-post-follow-up phases of intervention	99
Table 16.	Descriptive statistics on the perception of parents on Anxiety in the adolescents from pre-post and follow-up phases of the intervention	101
Table 17.	Tests of within sample in pre- post and follow-up phases of the intervention on the perception of parents on Anxiety in the adolescents	101
Table 18.	Post-hoc comparison on perception of parents on Anxiety in the adolescents from pre-post-follow-up phases of intervention	102
Table 19.	Descriptive statistics on the perception of parents on Self-Esteem of the adolescents from pre-post-follow-up phases of the intervention	104
Table 20.	Tests of within sample in pre- post and follow-up phases of the intervention on the perception of parents on Self- Esteem in the adolescents	105
Table 21.	Post hoc comparison on perception of parents on Self-Esteem in the adolescents from pre-post and follow-up phases of intervention	105
Table 22.	Descriptive statistics on the perception of teachers on Disruptive Behaviour in the adolescent from pre-post and follow up phases of the intervention	108
Table 23.	Tests of Within Sample in Pre- Post and Follow-Up Phases of the Intervention on the Perception of Teachers on Disruptive Behaviour in Adolescents	108
Table 24.	Post hoc comparison on perception of teachers on Disruptive Behaviour in adolescents from the pre post and follow-up phases of intervention	109
Table 25.	Descriptive statistics on the perception of teachers on Self-Absorbed Behaviour in the adolescents from the pre-post and follow up phases of the intervention	111

Table 26.	Tests of within sample in pre- post and follow-up phases of the intervention on the perception of teachers on Self-Absorbed Behaviour in adolescents	111
Table 27.	Post hoc comparison on perception of teachers on Self-Absorbed Behaviour in adolescents in the pre-post and follow-up phases of intervention	112
Table 28.	Descriptive statistics on the perception of teachers on Communication Disturbance in the adolescents from pre-post and follow-up phases of the intervention	114
Table 29.	Tests of within sample in pre- post and follow-up phases of the intervention on the perception of teachers on Communication Disturbance in adolescents	114
Table 30.	Post-hoc comparison- perception of teachers on Communication Disturbance in adolescents in the pre-post-follow-up phases of intervention	115
Table 31.	Descriptive statistics on the perception of teachers for Social Relations in the adolescents from pre-post and follow up phases of the intervention	117
Table 32.	Tests of within sample in pre- post and follow-up phases of the intervention on the perception of teachers on Social Relations in the adolescents	118
Table 33.	Post hoc comparison on perception of teachers on Social Relations in adolescents in the pre-post and follow-up phases of intervention	118
Table 34.	Descriptive statistics on the perception of teachers on Anxiety in the adolescents from pre-post and follow-up phases of the intervention	120
Table 35.	Tests of within sample in pre- post and follow-up phases of the intervention on the perception of teachers on Anxiety in adolescents	121
Table 36	Post-hoc comparison on perception of teachers on Anxiety in adolescents in the pre-post-follow-up phases of intervention	121

## List of Figures

---

Figure 1.	Identification and rehabilitation process – adapted	2
Figure 2.	Steps of intervention for rehabilitation – adapted	3
Figure 3.	ABC Model – adapted	23
Figure 4.	Before and after without control design	63
Figure 5.	Flow chart	68
Figure 6.	Disruptive Behavior of the adolescents: perception of parents	91
Figure 7.	Self-Absorbed Behavior of the adolescents: perception of parents	94
Figure 8.	Communication Disturbance of the adolescents: perception of parents	97
Figure 9.	Social Relations of the adolescents: perception of parents	100
Figure 10.	Anxiety of the adolescents: perception of parents	104
Figure 11.	Self-Esteem of the adolescents: perception of parents	107
Figure 12.	Disruptive Behavior of the adolescents: perception of teachers	110
Figure 13.	Self-absorbed behavior of the adolescents: perception of teachers	113
Figure 14.	Communication Disturbance of the adolescents: perception of teachers	117
Figure 15.	Social Relations of the adolescents: perception of teachers	120
Figure 16.	Anxiety of the adolescents: perception of teachers	123

## List of Appendices

---

Appendix I. Case History Schedule	148
Appendix II. Developmental Behavior Checklist- Parent Version	151
Appendix III. Developmental Behaviour Checklist- Teacher Version	156
Appendix IV. Rosenberg Self-Esteem Scale- Original	162
Appendix V. Rosenberg Self-Esteem Scale- Modified	163
Appendix VI. Institutional Human Ethics Committee Approval Letter	164
