

LIST OF TABLES

Table No.	Title	Page No.
1	Distribution of students among the selected schools	50
2	Auto suggestion tool for enhancing positive thinking	64
3	Plan of work for Intervention programme	66
4	Conspectus of selected students	72
5	Factors influencing selection of school	74
6	Mode of transportation used by selected students	75
7	Time spent in school by selected students	77
8	Time availed for coaching classes by selected students	79
9	Time preferred for study by selected students	81
10	Planning of time for study by selected students	82
11	Time spent towards various other activities by selected students	85
12	Types of fatigue and its symptoms experienced by selected students	88
13	Financial assistance received from parents towards academic expenditure by selected students	91
14	Amount spent for non-academic activities by selected students	94
15	Comparison of resource availability between eleventh and twelfth students	95
16	Foods opted by selected students	96
17	Comparison of foods opted by eleventh and twelfth students	101
18	Parent's involvement in student's academic performance	102
19	Involvement in career choice by parent and student	105

20	Comparison of parent involvement in student's academic performance between eleventh and twelfth students	107
21	Accessible moral support for students from supportive network	107
22	Accessible psychological support for students from supportive network	109
23	Accessible academic guidance for students from supportive network	110
24	Comparison of accessible support from supportive network between eleventh and twelfth students	112
25	Symptoms of psychological stress experienced by selected students	115
26	Symptoms of emotional stress experienced by selected students	116
27	Symptoms of physical stress experienced by selected students	117
28	Symptoms of behavioral stress experienced by selected students	119
29	Comparison of symptoms of stress between eleventh and twelfth students	120
30	Stress coping strategies adopted by selected students	121
31	Comparison of stress coping strategies between eleventh and twelfth students	123
32	Correlation between types of support accessible from supportive network and stress coping strategies followed among selected students	124
33	Suggestions recommended by selected students for reducing stress	124
34	Stress experienced by students towards board exams	127
35	Association of student stress level among eleventh and twelfth students	128

36	Comparison of student stress level between eleventh and twelfth students	129
37a	Impact of stress level on symptoms of stress among eleventh and twelfth standard students	130
37b	Tukey's B test for impact of stress level on symptoms of stress among eleventh standard students	131
37c	Tukey's B test for impact of stress level on symptoms of stress among twelfth standard students	132
38a	Contributing factors to student's stress among eleventh standard students	133
38b	Contributing factors to student's stress among twelfth standard students	136
39	Test anxiety experienced by the students towards board exams	137
40	Association of test anxiety level among eleventh and twelfth students	138
41	Comparison of test anxiety level between eleventh and twelfth students	139
42	Correlation between resource availability with student stress and test anxiety among selected students	140
43a	Impact of test anxiety level on symptoms of stress among eleventh and twelfth standard students	141
43b	Tukey's B test for impact of test anxiety level on symptoms of stress among eleventh standard students	142
43c	Tukey's B Test for impact of test anxiety level on symptoms of stress among twelfth standard students	143
44a	Contributing factors to test anxiety among eleventh standard students	144
44b	Contributing factors to test anxiety among twelfth standard students	146
45	Stress level among the selected twelfth students before and after the conduct of intervention programme	148

46	Test anxiety level among the selected twelfth students before and after the conduct of intervention programme	150
47	Impact of intervention programme on stress level among the selected twelfth students	152
48	Impact of intervention programme on test anxiety level among the selected twelfth students	153

LIST OF FIGURES

Figure No.	Title	Page No.
1	Factors contributing to student stress	25
2	Effect of parental involvement on causes of student stress	26
3	Process of family involvement and adolescent outcomes	27
4	Schematic representation of the phases of the study	45
5	Location of the study area	48
6	Age of the selected students	73
7	Time spent towards various other activities by selected students	86
8	Types of fatigue and its symptoms experienced by selected students	90
9a	Financial assistance received from parents towards academic expenditure of the selected students	92
9b	Amount spent for study materials among selected students	93
10	Accessible moral support for students from supportive network	108
11	Accessible psychological support for students from supportive network	110
12	Accessible academic guidance for students from supportive network	112
13	Satisfaction towards academic performance	113
14a	Stress coping strategies among eleventh students	122
14b	Stress coping strategies among twelfth students	122
15a	Suggestions recommended by eleventh standard students for reducing stress	126
15b	Suggestions recommended by twelfth standard students for reducing stress	126

16	Student stress level among the selected students	128
17	Test anxiety level among the selected students	139
18	Student stress level reported before and after intervention programme	149
19	Test Anxiety Level Before And After Intervention Programme	151

LIST OF PLATES

Plate No.	Title	Page No.
1	Newspaper clippings emphasizing on food preferences of students appearing for board exam	21
2	Newspaper clippings emphasizing on supportive network accessible to students	24
3	Newspaper clippings emphasizing on exam anxiety	30
4	Newspaper clippings emphasizing on students to enjoy studies	42
5	Investigator explaining the school authorities	57
6	Investigator explaining and collecting data from the selected students	59
7	School students participating in the Intervention programme	68

LIST OF APPENDICES

Appendix No.	Title	Page No.
1	Questionnaire	200
2	Student stress questionnaire	207
3	Test anxiety questionnaire	208
4	Ethical committee certificate of approval	209
5	Letter from schools regarding conduct of study	212
6	List of papers published	214
7	Article published in "The Hindu"	215
8	Plagiarism Report	216
