EDUCATION FOR WOMEN COIMBATORE – 641 043

IN PARTIAL FULFILLMENT OF THE REQUIREMENT FOR THE DEGREE OF
DOCTOR OF PHILOSOPHY IN BIOTECHNOLOGY

April, 2015

CERTIFICATE

This is to certify that the thesis entitled "*In vitro* and *in vivo* investigation of antilithiatic and antioxidant activity of aqueous extract of *Aerva lanata*" submitted to Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for award of degree of **Doctor of Philosophy in Biotechnology**, is a record of original research work done by **Shrinidhi Rai. T.** during the period of her study in the Department of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, under my supervision and guidance and the thesis has not formed the basis for the award of any Degree/ Diploma/ Associateship/Fellowship or similar title to any candidate of any University.

ACKNOWLEDGEMENT

I thank God Almighty!

*I express my sincere thanks to our esteemed Chancellor **Dr. T. S. K. Meenakshisundaram** and our Hon. Vice-Chancellor **Dr. Sheela Ramachandran**, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for all the encouragement and infrastructure support towards the successful completion of the study.*

*I am sincerely thankful to **Dr. A. Venmathi**, Registrar and **Dr. A. Parvathi**, Dean, Faculty of Science, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for extending all possible for the successful completion of the study.*

*I acknowledge the guidance and suggestions given by **Dr. G.P.Jeyanthi**, Controller of Examinations, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore in all the stages of thesis completion and submission.*

*I am deeply grateful to **Dr. S. Annapurani**, Professor and Head, Department of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for her constant support and motivation throughout the study. I am sincerely thankful for the guidance and suggestion given by her during my doctoral committee meetings.*

*I whole heartedly thank my beloved guide **Dr. R. Nirmaladevi**, Assistant Professor, Dept. of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for her keen interest in this study and timely guidance, patience, help and encouragement. Whenever I faltered, she boosted me up and has been a tremendous source of encouragement during the research period. I am deeply grateful for all her valuable efforts that I could achieve more than what I thought possible. I also thank all her family members for their support and a special note of thanks to **Rashmitha and Mahishmitha**.*

*I place on record a deep sense of gratitude and profound thanks to **Dr. P.R. Padma**, Professor, Dept. of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for her constructive and critical guidance throughout the study. I express my sincere thanks for her valuable time she spent for my doctoral committee meetings and her suggestions.*

*My sincere gratitude to **Dr. R. Parvatham**, Former Dean, Faculty of Science, Former Professor and Head, Dept. of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for her help and suggestions for my successful completion of my thesis.*

I place on record my sincere thanks **Dr. S. Sumathi, Dr. D. Kavitha and Dr. P. Radha** for their suggestions during the work seminars and to **all the Faculty Members**, Dept. of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Deemed University, Coimbatore for their constructive criticism and suggestions in carrying out the study.

I sincerely thank all the **Technical staff members**, Dept. of Biochemistry, Biotechnology and Bioinformatics, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for the help rendered by them for my research work.

I am immensely grateful to **Ms. V. Sharulatha**, Assistant Professor, Dept. of Chemistry, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for the help provided by her in the phase III of my research.

I would like to thank **Prof.R.M.Vijayakumar**, Head (Pomology), Tamil Nadu Agricultural University, Coimbatore and Chairman of my Doctoral Committee meetings for his suggestions and guidance. I also thank **Dr. Ravichandran**, Senior Scientist, Indian Institute of Oil Palm Research, who permitted me to utilize the microscope for capturing quality pictures for my thesis.

It's my pleasure and deepest gratitude to my beloved husband **Shishir Bhandary**, for the help and support rendered by him and my Parents **Mr. Harish Rai and Mrs. Mrudula Rai** for their support and affection at various stages of my study. Without their support its impossible for me to complete the study. I express my sincere and heartfelt thanks to **my Father-in-law and Mother-in-law Mr Shivaprasad Bhandary and Mrs. Shobha Bhandary** for their blessings and encouragement. A special thanks to **Sri raksha Rai, Karthik Rai, Shruthi Rai and Avani**

Last but not the least, I am grateful to my friend **Mrs. Kalpana. S**, who is always with me in my research life. She is equally credited for the successful completion of my work. From the in depth of my heart I thank her for travelling with me throughout my research. Also, I am greatly indebted to all my fellow researchers **Mohana, Iswariya, Kavithaa, Sonia, Shalini, KV, Sreeja, Amuthapriya, Pankajavalli, Vasundara, Mary Shoba, Preethi, Radha, Sharadha, Sivapriyadarshini and Yamuna** for their selfless help and suggestion for carrying out several experiments for my thesis.

I wish to express my thanks to Sophisticated Analytical Instrument Facility, Indian Institute of Technology, Chennai and The South India Textile Research Association, Coimbatore, India, for NMR and GC-MS analysis.

I also thank all the unseen hands whose names I have failed to mention here and make it known that I am well aware of and grateful for their timely help.
