LIST OF TABLES

Table No.	Title	Page No.
I	Age of the Subjects	60
II	Gender Classification	62
III	Religion	64
IV	Education Details of the Parents	65
V	Occupation Details of Parents	66
VI	Family Income	68
VII	Type of Family	70
VIII	Family Size	73
IX	Number of Children	74
X	Details on Skipping Breakfast	77
XI	Type of Screen Time at Home	79
XII	Duration of Screen Time	80
XIII	Habit of Snacking During Screen Time	83
XIV	Play	85
XV	Place of Play	86
XVI	Type of Play	87
XVII	Duration of Outdoor Games	89
XVIII	Mode of Transport to School	90
XIX	Duration of Physical Education	92
XX	Details on Receiving Pocket Money	93
XXI	Mode of Spending Pocket Money	94
XXII	Frequency of Having Meals With Parents	96
XXIII	Frequency of Dining Out	97
XXIV	Duration of Parents Interaction With Subjects	99
XXV	Duration of Sleep	100
XXVI	Food Habit	102
XXVII	Frequency of Consuming Non Vegetarian Food Stuffs	105
XXVIII	Form of Fleshy Food Preferred	106
XXIX	Favourite Non Vegetarian Food Stuff of the Subjects	108
XXX	Common Breakfast Preferred by the Subjects	110
XXXI	Diet Preference	112

XXXII	Mood and Food Choices	113
XXXIII	Preference For Fruits and Vegetables	115
XXXIV	Frequency of Milk Consumption	116
XXXV	Fluid Consumption Per Day	118
XXXVI	Favourite Outside Food Stuff	119
XXXVII	Favourite Commercial Drink	121
XXXVIII	Frequency of Consuming Commercial Food and Drinks	122
XXXIX	Commonly Preferred Ready to Eat Foods	124
XL	Mean Nutrient Intake of Selected Sub Samples – 4 to 6 Year Boys	125
XLI	Mean Nutrient Intake of Selected Sub Samples – 7 to 9 Year Girls	127
XLII	Details on Food Allergy	128
XLIII	Birth Weight	130
XLIV	Birth Order of the Subjects	131
XLV	Feeding Pattern During Infancy	132
XLVI	Duration of Breast Feeding	134
XLVII	Initiation of Weaning	137
XLVIII	Duration of Weaning	138
XLIX	Type of Food Weaned During Infancy	139
L	Growth Pattern During Infancy	140
LI	Weight Loss During Infancy	141
LII	Reasons for Weight Loss	142
LIII	Immunization Schedule	144
LIV	Visit to Paediatrician	145
LV	Parents Opinion on Subjects Nutritional Status	146
LVI	Complications During Pregnancy	148
LVII	Type of Complications	149
LVII	Weight Gain During Pregnancy	151
LIX	Area of Residence	152
LX	Type of House	155
LXI	Socio Economic Status	157
LXII	School Type	159
LXIII	Details on Having Tutions	161
LXIV	Duration of Tuition Classes	163

LXV	Influence of Advertisements on Food Choices	164
LXVI	Physical Activity	167
LXVII	Type of Physical Activity Involved	169
LXVIII	Family History of Obesity	170
LXIX	Subjects Relation to the Family Member With Obesity	173
LXX	Gestational Diabetes of the Mother	175
LXXI	Details on Parenthood	176
LXXII	Working Details of Parents	178
LXXIII	Maternal Smoking During Pregnancy	180
LXXIV	Body Mass Index of Tribal Population	182
LXXV	Mean Nutrient Intake of Selected Sub Samples – 7 to 9 Years	185
LXXVI	Mean Body Mass Index of the Subjects Before and After Medical Nutrition Therapy	188
LXXVII	Mean Weight of the Subjects Before and After Medical Nutrition Therapy	189
LXXVIII	Mean Nutritional Score of the Parents Before and After Medical Nutrition Therapy	190
LXXIX	Comparison Between Mean Nutritional Score of the Parents In Kerala and Tamil Nadu	191
LXXX	Comparison Between Mean Weight of the Subjects In Kerala and Tamil Nadu	192
LXXXI	Comparison Between the Body Mass Index of the Subjects In Kerala and Tamil Nadu	193
LXXXII	Analysis of Covariance (ANACOVA) For Different Parameters Before Imparting Medical Nutrition Therapy	194
LXXXIII	Analysis of Covariance (ANACOVA) For Different Parameters After Imparting Medical Nutrition Therapy	195

LIST OF FIGURES

Figure No.	Title	Page No.
I	Flow Chart Diagram of Methodology	48
II	Phases of Medical Nutrition Therapy	54
III	Gender Classification	63
IV	Family Income	69
V	Type of Family	71
VI	Number of Children	75
VII	Details on Skipping Breakfast	77
VIII	Duration of Screen Time	81
IX	Habit of Snacking During Screen Time	84
X	Type of Play	88
XI	Frequency of Dining Out	98
XII	Food Habit	103
XIII	Form of Fleshy Food Preferred	107
XIV	Mood and Food Choices	114
XV	Feeding Pattern During Infancy	133
XVI	Duration of Breast Feeding	136
XVII	Area of Residence	153
XVIII	Type of House	156
XIX	Socio Economic Status	158
XX	School Type	160
XXI	Details on having Tutions	162
XXII	Influence of Advertisements on Food Choices	165
XXIII	Physical Activity	167
XXIV	Family History of Obesity	171
XXV	Details on Parenthood	177
XXVI	Working Details of Parents	179

LIST OF APPENDICES

APPENDIX No.	TITLE
I	BMI in Percentiles for Boys
II	BMI in Percentiles for Girls
III	Questionnaire to Elicit the Back Ground Information of School Going Children
IV	Questionnaire to Elicit Nutritional Knowledge of the Parents
V	Interview Schedule to Collect Details Regarding Nutrition During Infancy of the Selected Subjects
VI	Interview Schedule to Elicit Details Regarding Diet and Lifestyle of Selected Subjects
