CHAPTER No.	TITLE	PAGE No.
	LIST OF TABLES	
	LIST OF FIGURES	
	LIST OF PLATES	
1	INTRODUCTION	1
2	REVIEW OF LITERATURE	15
3	METHODOLOGY	50
	A. Phase I : Selection and grouping of hypertensives	51
	a. Selection of Locale	51
	b. Screening and grouping of hypertensives	53
	c. Selection of tools for the conduct of the study	57
	d. Assessment of nutritional and health status of the selected hypertensives	59
	e. Analysis of bio-chemical parameters	65
	B. Phase II : Formulation and evaluation of supplement	68
	a. Selection of functional foods	68
	b. Formulation and selection of supplement	70
	c. Nutrient content of the supplement	73
	C. Phase III : Dietary intervention	73
	D. Phase IV : Lifestyle intervention	77
	E. Phase V : Evaluation and analysis of data	80
4	RESULTS AND DISCUSSION	81
	A. Demographic profile of the selected hypertensives	82
	B. Dietary profile	90
	C. Physical activity pattern	106
	D. Lifestyle pattern	112
	E. Emotional health	121

CHAPTER No.	TITLE	PAGE No.
	F. Medical history	124
	G. Awareness on hypertension and hypotensive foods	129
	H. Nutrition and health status of the selected hypertensives	131
	a. Blood pressure levels	131
	b. Anthropometric measurements	138
	c. Food and nutrient intake of the selected hypertensives	149
	I. Impact of dietary intervention on the selected hypertensives	153
	a. Anthropometric measurements	153
	b. Blood pressure	160
	c. Biochemical parameters	162
	J. Impact of lifestyle Intervention on the selected hypertensives	174
	a. Anthropometric measurements	174
	b. Blood pressure	180
	c. Biochemical parameters	182
	K. Statistical appraisal of the data	193
	a) Correlation analysis	193
	L. Comparison of interventions	194
	a. Anthropometric measurements	194
	b. Biochemical parameters	195
	c. Blood pressure level	200
5	SUMMARY AND CONCLUSION	201
	BIBLIOGRAPHY	218
