Chapter No.	Title	Page No.
	List of Tables	
	List of Figures	
	List of Plates	
	List of Annexures	
I.	**Introduction**	**1 - 27**
	1.1 Early Childhood and Importance of Play	2
	1.2 Traditional Games on Social Development	6
	1.3 Traditional Games on Cognitive Development	10
	1.4 Modern games on Social Development	13
	1.5 Modern games on Cognitive Development	16
	1.6 Theoretical Framework	18
	1.6 (a) Piaget's Cognitive Development Theory	18
	1.6 (b) Bruner's Theory of Cognitive Development	19
	1.6 (c) Vygotsky's Socio-Cultural Theory	21
	1.6 (d) Erikson's Psychosocial Theory	22
	1.6 (e) Parten's Theory of Play	23
	1.7 Need of the study	24
	1.8 Objectives	26
	1.9 Null hypotheses	27
II.	**Review of Literature**	**28 – 75**
	2.1 Social Development among children (6-8 years)	28
	2.2 Cognitive Development among children (6-8 years)	31
	2.3 Factors influencing Socio-Cognitive Development of children	34
	2.4 Traditional games on Socio-Cognitive Development of children	36
	2.5 Modern games on Socio-Cognitive Development of children	54

Chapter No.	Title	Page No.
III.	**Methodology**	**76 – 135**
	3.1 Population and sampling	78
	3.1. (i) Phase I: Identify the levels of Social and Cognitive development of children	78
	3.1.1. (a) Selection of Area	78
	3.1.1 (b) Selection of schools	79
	3.1.1. (c) Selection of sample	80
	3.1. (ii) Phase II: Formulation of Intervention programmes	82
	3.1. (iii) Phase III: Effectiveness of the formulated Interventions	82
	3.1.3 (a) Selection of school	82
	3.1.3 (b) Selection of sample	82
	3..1 (iv) Ethical consideration	85
	3.2 Construction and selection of Tools	85
	3.2 (a) Questionnaire on Socio-Demographic Profile	85
	3.2 (b) The Vineland Social Maturity Scale (VSMS)	85
	3.2 (c) Malin's Intelligence Scale for Indian Children (MISIC):	87
	3.3 Conduct of the study	89
	3.3.1 Phase I: Identify the levels of social and cognitive development of children	89
	3.3.1 (a) Approval by higher authorities	89
	3.3.1 (b) Establishing a rapport in order to get preliminary data	89
	3.3.1 (c) Administration of tools	90
	3.3.2 Phase II: Formulation of Intervention programme	91
	(a) Exploring and identifying Traditional children's games available in Assam	91
	(b) Investigating and identifying Modern games for children	92
	(c) Blueprint of all the three interventions	92
	i) Traditional Games Intervention	93
	ii) Modern Games Intervention	93
	iii) Blended Games Intervention	93

Chapter No.	Title	Page No.
	3.3.3 Phase III: Effectiveness of the formulated Intervention programmes	119
	Stage 1 - Trust building and dividing the Groups	119
	Stage 2-Play Session and Assessment	119
	Stage 3- Post-Test Evaluation	132
	3.4 Analysis of Data	133
	Phase I : Identify the levels of Social and Cognitive Development of children	133
	Phase III: Effectiveness of the formulated interventions	133
	3.5 Operational definitions	134
IV.	**Results and Discussion**	**136 - 209**
	4.1 Descriptive statistics	137
	4.1.1 Socio-Demographic characteristics of the respondents	137
	4.1.2 Overall levels of Social and Cognitive development of children	139
	4.2 Effect of Socio-Demographic characteristics on Social and Cognitive Development	141
	4.2.1 Predictor variables under Social and Cognitive Development among children.	141
	4.2.2 Levels of Social and Cognitive Development of children based on Socio-Demographic variables.	146
	4.2.3 Mean difference of Social development among children based on socio-demographic variables	154
	4.2.4 Mean difference of Cognitive Development among children based on socio-demographic variables	161
	4.3 Effectiveness of interventions on Social and Cognitive Development of children among control and experimental groups based on Traditional, Modern and Blended games	167
	4.3.1 Levels of Social Development among children in control and experimental groups based on Traditional, Modern and Blended games	167

Chapter No.	Title	Page No.
	4.3.2 Levels of Cognitive Development among children in control and experimental groups Traditional, Modern and Blended games	173
	4.3.3 Social Development and its dimensions in experimental and control group before and after intervention of Traditional games	177
	4.3.4 Social Development and its dimensions in experimental and control group before and after intervention of Modern games	180
	4.3.5 Social Development and its dimensions in experimental and control group before and after intervention of Blended games	183
	4.3.6 Cognitive Development and its dimensions in experimental and control group before and after intervention of Traditional games	186
	4.3.7 Cognitive Development and its dimensions in experimental and control group before and after intervention of Modern games	190
	4.3.8 Cognitive Development and its dimensions in experimental and control group before and after intervention of Blended games	194
	4.4 Benefits of interventions of Traditional, Modern and Blended games on Socio-Cognitive development of children	197
	4.4.1 Mean and SD of the experimental groups in the Before, During and After phases of interventions for social and cognitive development	198
	4.4.2 Test of sphericity for Social and Cognitive development	200
	4.4.3 Multivariate Analysis of Variance for Social and Cognitive development	200
	4.4.4 Univariate Analysis of variance for Social and Cognitive Development in the experimental groups	201
	4.4.5 Pairwise Comparison for before, during and after intervention phases for the experimental groups on Social and Cognitive development	202

Chapter No.	Title	Page No.
	4.4.6 Profile plots of experimental groups in social development under various intervention scores	203
	4.4.7 profile plots of Social Development under before, during and after intervention scores	205
	4.4.8 Profile plots of experimental groups in Cognitive Development under various intervention scores	206
	4.4.9 Profile plots of Cognitive Development under before, during and after intervention scores	208
V.	**Summary and Conclusion**	**210 - 227**
