

## LIST OF TABLES

TABLE NO.	TITLE	PAGE NO.
I	Signs and symptoms of stress	24
II	Results of the meta – analysis and the training procedure of the present study	54
III	Grading the level of stress among students	62
IV	Categoration of items under each causative factor	63
V	Grading the indicators of stress	64
VI	Dimensions of resilience	66
VII	General profile of the population sample	84
VIII	Categorization of the population sample with reference to their stress level	87
VIX	Gender – specific and institution – specific relationship on mean stress score of the population sample	91
X	Correlation between overall mean stress score and the identified seven causative factors' mean score	96
XI	Gender – specific and institution - specific differences in their causative factor score	101,102
XII	Association between the stress level and stress indicator level	106
XIII	Gender - specific and institution - specific differences in the mean stress indicator score	110,111
XIV	Prior and post SIT categorization of the experimental and control group based on the stress level	117
XV	Institution and gender specific differences of pre and post stress mean score	121
XVI	Pre and post SIT causative factors mean score – Government school respondents	125
	Pre and post SIT causative factors mean score – Private school respondents	126

<b>TABLE NO.</b>	<b>TITLE</b>	<b>PAGE NO.</b>
<b>XVII</b>	Categorization of the experimental group based on the stress indicator level - prior and post SIT	<b>130</b>
<b>XVIII</b>	Pre and post SIT mean scores of identified indicators	<b>134</b>
<b>XIX</b>	Government school Resilience of the experimental and control group – prior and post SIT	<b>140</b>
<b>XX</b>	Private school Resilience of the experimental and control group - prior and post SIT	<b>143</b>
<b>XXI</b>	Pre and post SIT mean score on stress coping repertoires among the selected students	<b>146</b>
<b>XXII</b>	Academic performance of the control and the experimental students prior, post - 1 and post - 2 of SIT based on the type of school	<b>151</b>
<b>XXIII</b>	Feedback of students	<b>155</b>

## LIST OF FIGURES

<b>FIGURE NO.</b>	<b>TITLE</b>	<b>PAGE NO.</b>
1	Stress curve and phases	27
2	Population and sampling	57
3	Blue print of SIT – learn to master stress	70
4a, 4b	Methodology at a glance	81,82
5	Categorization of the population sample based on their stress level	88
6	Interaction effect between gender and type of school on mean stress score	94
7	Ranking of the causative factors in relation to the type of school and gender	97
8	Causative factor mean score of the population sample	103
9	Relationship between stress level and stress indicator level of the population sample	107
10	Gender - specific and institution specific differences in the mean stress indicator score	112
11	Pre and post SIT overall categorization of the experimental and control group based on their level of stress	118
12	Institution and gender specific differences of the experimental subjects	122
13	Comparing the pre and post SIT causative factors mean score of the experimental respondents	127
14	Overall categorization of experimental respondents on the level of stress indicator	131
15	Comparison of pre and post SIT indicator mean scores of the experimental group	135

<b>FIGURE NO.</b>	<b>TITLE</b>	<b>PAGE NO.</b>
<b>16</b>	Difference in mean score on resilience among the experimental respondents	<b>141</b>
<b>17</b>	Difference in mean score on resilience among the experimental respondents	<b>144</b>
<b>18</b>	Comparison of the pre and post SIT mean scores of the experimental group on stress coping repertoires	<b>147</b>
<b>19</b>	Mean mark percentages of control and experimental group based on the type of school	<b>152</b>

## LIST OF PLATES

<b>PLATE NO.</b>	<b>TITLE</b>	<b>PAGE NO.</b>
I	Conceptualization phase - Government school	73
II	Skill acquisition and rehearsal phase - Government school	74
III	Application and follow through phase - Government school	75
IV	Conceptualization phase - Private school	76
V	Skill acquisition and rehearsal phase - Private school	77
VI	Application and follow through phase - Private school	78

## LIST OF APPENDICES

APPENDIX NO.	TITLE	PAGE NO.
I	Detailed list of the population sample	194
II	Detailed list of the experimental and control group	195
III	Questionnaire to elicit general background	196
IV	Checklist to assess the stress level and identify the causative factors	197,198
V	Stress indicator checklist	199,200
VI	Checklist on resilience	201
VII	Checklist on stress coping repertoires	202
VIII	Likert scale to assess the academic performance of students	203
IX	Students feedback form	204
X	Informational content of SIT	205,209
