S.NO	CHAPTERS	PAGE NO
I	INTRODUCTION	1
	1.1 Growth of service sector in India	1
	1.2 Service quality	2
	1.3 Managing service quality	2
	1.4 Gaps model of service quality	3
	1.5 Insurance services	5
	1.6 History of insurance in India	6
	1.7 Life insurance policies in India	6
	1.8 General insurance policies in India	8
	1.9 Health insurance	8
	1.10 Role of third party administrator (TPA) in Indian health insurance	9
	1.11 Position of health insurers in india based on premium earned and claim settled	13
	1.12 Need for the study	17
	1.13 Objectives of the study	18
	1.14 Scope of the study	19
	1.14(a)The New India assurance company limited	19
	1.14(b) Bajaj Allianz general insurance company limited	20
	1.15 Limitations of the study	20
	1.16 Chapter scheme	22
II	REVIEW OF LITERATURE	23
	2.1 Service Quality studies in banking sector	23
	2.2 Service Quality studies in insurance sector	26
	2.3 Service Quality studies in other sectors	28

III	RESEARCH METHODOLOGY	33
	3.1 Research objectives	33
	3.2 Area of the study	33
	3.3 Sample selection	33
	3.4 Period of study	34
	3.5 Sources of data	34
	3.6 Servqual technique	34
	3.7 Tools used for analysis	35
IV	ANALYSIS AND INTERPRETATION	40
	4.1.Socio-economic profile of the respondents	41
	4.2.Awareness about different health insurance policies among the respondents	46
	4.3.Evaluation of service quality perceptions and expectations of the policy holders	50
	A. Reliability analysis	51
	B. Chi-square analysis	66
	C. Correlation analysis	67
	D. Multiple Regression analysis	68
	4.4.Determination of the factors influencing service quality of the firms	68
	A. Measuring service quality using servqual	76
	B. Factors analysis	
V	SUMMARY OF FINDINGS AND CONCLUSION	82
	5.1 Findings	82
	5.2 Suggestions	90
	5.3 Conclusion	91

BIBLIOGRAPHY

ANNEXURE

LIST OF TABLES

TABLE NO.	TITLE	PAGE NO.
1	Government health insurance schemes	12
2	Number of policy holders covered under health insurance in India	16
3(a)	Net premium earned by insurance companies from health insurance	17
3(b)	Net claim settled by insurance companies from health insurance	18
	socio-economic profile of the respondents of New India Assurance Company Limited and Bajaj Allianz General Insurance Company Limited	
4(a)	Age group of the respondents	41
4(b)	Gender of the respondents	42
4(c)	Educational qualifications of the respondents	42
4(d)	Occupation of the respondents	43
4(e)	Annual income of the respondents	44
4(f)	Marital status of the respondents	45
4(g)	Type of family of the respondents	46
	Awareness about different health insurance policies among the respondents of New India Assurance Company Limited and Bajaj Allianz General Insurance Company Limited	
5(a)	Source of information about health insurance policy	46
5(b)	Total sum assured for the family	47
5(c)	Number of policies taken	48
5(d)	Mode of premium payment	48
5(e)	Preference of settlement	49

	Evaluation of service quality expectations and perceptions of the policy holders	
6(a)	Reliability analysis for service quality expectation scales	50
6(b)	Reliability analysis for service quality perception scales	51
	Chi-square analysis for New India Assurance Company Limited	
7(a)	Age and the factors of expectation and perception level	52
7(b)	Gender and the factors of Expectation and Perception level	53
7(c)	Education and the factors of Expectation and Perception level	54
7(d)	Occupation and the factors of Expectation and Perception level	55
7(e)	Marital status and the factors of Expectation and Perception level	56
7(f)	Nature of family and the factors of Expectation and Perception level	57
7(g)	Annual income and the factors of Expectation and Perception level	58
	Chi-square analysis for Bajaj Allianz General insurance company Limited	
8(a)	Age and the factors of expectation and perception level	59
8(b)	Gender and the factors of Expectation and Perception level	60
8(c)	Education and the factors of Expectation and Perception level	61
8(d)	Occupation and the factors of Expectation and Perception level	62
8(e)	Marital status and the factors of Expectation and Perception level	63
8(f)	Nature of family and the factors of Expectation and Perception level	64
8(g)	Annual income and the factors of Expectation and Perception level	65
9(a)	Correlations for expectation and perception level-New India Assurance Company Limited	66
9(b)	Correlations for expectation and perception level-Bajaj Allianz General insurance company Limited	66

	Multiple regression analysis	
10(a)	New India Assurance Company Limited	67
10(b)	Bajaj Allianz General insurance company Limited	68
11(a)	Average gap score of New India Assurance Company	69
11(b)	Un-weighted score	70
11(c)	Weights assigned	70
11(d)	Weighted score	71
12(a)	Average gap score of Bajaj Allianz General Insurance Company	73
12(b)	Un-weighted score	74
12(c)	Weights assigned	74
12(d)	Weighted score	75
	Factors analysis	
	New India Assurance Company Limited - Service quality perception level	
13(a)	KMO and Bartlett's Test	77
13(b)	Rotated Component Matrix	77
13(c)	Factor Extraction	78
	Bajaj Allianz General Insurance Company Limited - Service quality perception level	
14(a)	KMO and Bartlett's Test	79
14(b)	Rotated Component Matrix	79
14(c)	Factor Extraction	81
15	Factors that contribute for satisfaction of service quality	88
