

# *ACKNOWLEDGEMENT*

---

## ACKNOWLEDGEMENT

This thesis arose in part out of years of research that has been done since I came to Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore. By that time, I have worked with a great number of people whose contribution in assorted ways to the research and making of the thesis deserved special mention. It is a pleasure to convey my gratitude to them all in my humble acknowledgment.

All my praises and love belong to Lord Almighty, the most Merciful, Beneficent, Ruler of the Universes, who created everything, from the sub-particles of an atom to this Universe, whose praise has no bounds. He has been with me through thick and thin of life and enabled me in tiding over the difficulties. His perpetuate patronage is treasure of my life, thank you so much Dear Lord.

It is an honor for me to thank **Dr. T.S.K. Meenakshisundaram, M.A., M.Phil., Ph.D**, Chancellor, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for providing the necessary facilities to conduct this study.

I owe my deepest gratitude to **Dr. (Mrs). Sheela Ramachandran M.Sc., P.G.Dip., Ph.D**, Vice Chancellor, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for giving me the opportunity to do the research work.

I would like to thank **Dr. (Mrs). Gowri Ramakrishnan M.Sc., M.Phil., Ph.D**, Registrar, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, for the administrative support and for her encouragement during the course of the research programme.

I would like to render my special thanks to **Dr. (Mrs). R.Parvatham M.Sc., Dip. Ed., M.Phil., Ph.D** Dean, Faculty of Science, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for her constant motivation during this study.

I wish to express my thanks and sincere gratitude to **Dr. (Tmt). R. Shyamala, M.Sc., Dip. Ed., M.Phil., Ph.D**, Head of the Department of Chemistry, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for suggesting the scope of research, persistent encouragement,

unflinching motivation candid criticisms all of which moulded this investigation into reality.

I am lucky enough to have the prerogative to express my deep gratitude towards my research supervisor **Dr. R. Rajalakshmi, M.Sc., B.Ed., M.Phil., Ph.D**, Associate Professor, Department of Chemistry, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for her guidance, encouragement and counseling towards me throughout the course of this session. She provided me with all possible facilities and supervision and her principle "Work from dawn to dusk" was thought provoking and source of inspiration for me. Above all and the most needed, she provided me unflinching encouragement and support in various ways. Her scientist intuition has truly made as a constant oasis of ideas and passions in science, which exceptionally inspires and enrich my growth as a student, a researcher and a scientist aspire to be. I am indebted to her more than she knows.

I would like to express my appreciation to all **faculty members** of Chemistry Department at Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for encouragement, support and advice through out the study.

I am thankful to **The Management, The Principal and The Advisor, Dr. G R Damodaran College and Science, Coimbatore** for permitting me to continue my research successfully.

I express my special debt of gratitude to **Dr. R. Kumaresan**, Head, Department of Physics, Government Arts College, Coimbatore and **Mr. K. Sadasivam**, Assistant Professor in Physics, Bannari Amman Institute of Technology, Sathyamangalam for their help in doing quantum chemical studies.

I am very grateful to **Dr. S. Sathiyarayanan**, Scientist, CSE Division, Central Electrochemical Research Institute, Karaikudi, for his timely help, suggestions, constructive discussions and valuable ideas during electrochemical measurements.

I extend my sincere thanks to The Director, Central Electrochemical Research Institute, Karaikudi, for permitting to carry out my literature survey for my research work.

I am very grateful to **Dr. S.M.A. Shibli**, Reader, Department of Chemistry, University of Kerala, Thiruvananthapuram, for the stimulating science discussion we

had in Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore.

My warm regards are especially to **Mrs. D. Nalini** Associate Professor Department of Chemistry, PSGR Krishnammal College for Women, Coimbatore, **Mrs. A. Prathiba**, Assistant Professor in Chemistry and my fellow research scholars **Miss. M. Srimathi** and **Mrs. S. Leelavathi**, Department of Chemistry, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore for their constant encouragement and motivating personality which kept me moving despite certain obstacles.

Where would I be without my family? My parents deserve special mention for their inseparable support and prayers. I can never pay the reward to my loving father **Mr. P.C. Ramdoss Rao** who put the fundament in my learning character, showing the joy of intellectual pursuit ever since I was a child and my caring mother **Mrs. L. Kamsala** who is so affectionate and has made my educational foundation without the persistent encouragement, I could never have been able to make even a single day successful and untiring support of my dear brother **Mr. R. Ashok kumar**. I can never pay the debt of their love and affection.

It is a pleasure to thank several individuals who in one way or other contributed and extended their valuable assistance in the preparation and completion of this dissertation possible.
